**New Business:**

There was considerable discussion about the decision by Derek that he needs to discontinue our use of the restaurant for our meetings because of the remodeling in his restaurant. Also discussed was the annual Christmas party. The addition of kitchen equipment has lost him a lot of room in the dining area. Things kind of went round and round in the various discussions so I will attempt to put to notes what I believe was discussed. If any is in error or needs to be expanded, please let me know so we can present at the next meeting.

Meetings: It was decided that we should continue with the meetings if possible. Brian Gillmore will look into getting a venue for our regular November meeting. Once this has been determined, I will send out a note about when/where/time. We don't necessarily need to stay with a monthly meeting. Options discussed were quarterly meetings; yearly meetings; or just having meetings with only board members needing to attend. Other options discussed were to have meetings at different locations for each meeting. We could also hold meetings in areas where out of town members reside. More discussion about future meetings will be at the Christmas party.

Christmas party: The Christmas party was scheduled between Jesse Waller and Derek to be on December 2. It was decided to put off the Christmas party until mid or late January because of all the conflicts with members schedules (and Derek's) during the holiday season. We should get with Derek again to see if he has any openings in January for the party, otherwise we may have to go to another location. We will be discussing again the fate of future meetings at the Christmas party. This should give members time to think about what we should be doing. Also for the Christmas party, please bring non-perishable food to give to Ronald McDonald House, or please consider giving a donation that we can give to them.

Treasury: There was some discussion about what we could be doing with the funds in the treasury. One option discussed was to sponsor a Kids Q at one of the contests. There may be other ideas that we could use to promote our society instead of having funds that are not being used.

There being no further business or discussion, the meeting was adjourned at approximately 7:00 PM.

**Next scheduled meeting:** Time, place, and date to be determined.
